UKIAH WINS BALL GAME WITH WILLITS SUNDAY

A big crowd of Ukiah baseball fans motored to Willits last Sunday to take in the game between Ukiah and Willits baseball teams. There were about as many Ukiah people as Willits people present at the game. The score was three to four in favor of Ukiah.

The game was a hard fought one between the two pitchers, Gunnar Larkin, for Willits, and Hitchcock, for Ukiah, with the odds slightly favoring Hitchcock who struck out nine men to his opponent's six.

Ukiah's work in the pinches showed the advantage of the training being administered by Coach Adams to the local boys. His tips Sunday were followed to a good advantage, and Ukiah showed an edge on their opponents all through the game.

Another item noticeable was the consistency with which the batting order which came up every other inning won tallies. The score board showed 0 1 0 1 0 1 0 1 0 for Ukiah. It would seem that the locals have arranged their stickers in about the correct order to get the best results.

One of the sensational features of the game was Jones's performance in picking a high foul with one hand, while holding to the fence with the other. He got a big hand for his fine work.

Next Sunday Ukiah is to play Lakeport here. The Lakeport team is coming over loaded to the guards with ex-league and near-league players and the locals are strengthening up to cope with them. The game gives promise of being a hard fought one.

QUARANTINE OFFICERS NAB BOOTLEG MOTORISTS

An unexpected result of the enforcement of the search of cars for pets by Mendocino county officers at the county line north of Cloverdale the latter part of last week, was the nabbing of two carloads of booze by Deputy Sheriffs John McGimsey, Dick Andrews and George Willits.

The three had been placed at the county line to enforce the quarantine against livestock, pets, etc. Last Thursday night they searched a number of cars without finding any animals. Shortly after midnight, when they considered their day's work about completed, the two booze cars came along. In one car were John Molinari and Tony Guggini and in the other, O. Bernardino and Paul Dalfino.

Molinari entered a plea of guilty before Judge Busch and was fined $300. Berardino took similar action and was fined $400. Guggini and Dalfino wanted more time to decide what to do and each was placed under $1000 bonds.

CAMBOT TO SELL LAUNDRY

L. Cambot, who with his wife was recently severely hurt in a motor car accident, has found it necessary to retire from the laundry business on account of the hard work involved and, we understand, is selling to M. Sanchez. Mr. and Mrs. Cambot will live on their ranch near the county farm for awhile until they have in a measure regained their health. Both still suffer a great deal from the shock resulting from the injuries they received in the accident.

MISS GLADYS CLARK UNDERGOES OPERATION

Miss Gladys Clark, who was taken violently ill the latter part of last week with appendicitis, was operated on Thursday and is now well on the road to recovery, standing the operation in fine shape. A portion of the intestine had become infected but the infection seems to have been absorbed.

HAGEMAN HELD TO ANSWER

Chas. Hageman, of Philo, came up in the justice court before Judge Busch last Friday for his preliminary on a charge of selling intoxicating liquor. He was held to appear before the superior court.

Native Sons' Ball Is Next Big Social Event

The next big social event here is the charity ball to be given by Ukiah parlor of Native Sons at the grammar school auditorium tomorrow night. The proceeds from the ball are to be used in the work of providing homes for the homeless children of California. This is a work which has been carried on by the order for many years and one which deserves the heartiest support of the entire community.

The lodge is providing good music by an orchestra and assures all who attend the best sort of a time.

MARRIAGE LICENSES

Marriage licenses were issued this week to the following couples: James Fox, 28, and Bessie Summers, 18, both of Caspar; Harry Giannini, 23, of Navarro, and Thyra Carlson, 19, of Fort Bragg; Henry W. Best, 33, and Martha Gispert, 43, both of Oakland.

DOE SENT TO FOLSOM BY JUDGE PRESTON

John Doe, convicted of assault to commit murder on the person of Deputy Constable Hi Wilkinson of Willits, came before Judge Preston for sentence last Friday. Although the jury had recommended leniency, the judge saw fit to disregard the recommendation and sentenced Doe to Folsom, where hardened criminals are sent, and stated that it would be his recommendation that Doe be made to serve the limit sentence, which is fourteen years for the crime of which he was convicted.

Doe took the sentence very calmly. He was taken to Folsom Monday by Deputy Sheriff Weger and George Southard.

In giving his statement to District Attorney Hurley after sentence, he still refused to give his name, but said he would give it to the prison authorities when he got to Folsom. He said that he was born in Decatur, Illinois, and had been convicted of carrying a concealed weapon at Chicago and had been placed on probation there. He served in the army during the world war but never was sent across to Europe. He spoke of having worked in the oil fields near Bakersfield. He gave his trade as that of automobile mechanic, although he said he had never taken any special training in that line.

He stated that his mother was still alive and that it was out of consideration for her feelings that he did not care to give his name.

To a fellow prisoner in the jail Doe stated that his real name was A. W. Noble. The authorities have not yet checked this up with the prison authorities at Folsom.

Geo. Mann Installing Fine Organ at State

George Mann, proprietor of the State theatre here, has a force of men at work this week installing the fine new $10,000 organ in the theatre. The organ was so large that it was found necessary to lengthen the pit about seven feet to accommodate it. It is hoped to finish the work tomorrow morning and to use the organ for the matinee tomorrow afternoon.

With the installation of the organ, Mr. Mann has completed the main improvements he contemplated when he first purchased the theatre, with the exception of the curtain, and that will probably be put in in the course of a few months. The investment has been a large one, but the expense has not deterred him from giving Ukiah the very best that can be given her in the way of an amusement place. Various minor improvements will be added continually.

DEED PASSES TO BORING

The deed from A. W. Foster to Perry Boring for the lot on State street south of the postoffice was recorded the latter part of last week. Boring will begin the construction about Nov. 1 next of a business building on the lot. The proposed building will be divided into two stores.

COOLIDGE SWEEPS STATE; JOHNSON CARRIES COUNTY; McADOO TICKET VICTORIOUS

Total semi-official returns last evening from the presidential primary election held last Tuesday indicate that Mendocino county, in common with the greater number of northern California counties went for Hiram Johnson. Johnson's majority in this county, however, was far lower than generally had been predicted for him. Guesses ranged all the way from 200 to 1200 votes. The returns from 80 out of 90 precincts last evening showed Johnson had 1456 to Coolidge's 1383, a difference of only 75 votes. Only about forty per cent of the registered vote was cast, but it is generally considered that the results showed fairly the proportionate strength of the two candidates in Mendocino county.

The McAdoo ticket was victorious over the uninstructed ticket in this county by a vote of 467 to 194.

Seven prohibition and 31 socialist tickets were cast.

In the state Coolidge's victory was overwhelming, being in the neighborhood of 40,000. McAdoo also carried the state by a six to one vote.

Following is the schedule of semi-official returns from the eighty Mendocino county precincts in last night as the Dispatch-Democrat went to press:

OPERETTA WELL RECEIVED

The operetta given by the Ukiah high school students last Monday evening was well attended and well received by the very liberal audience which was in attendance. All the young folks did exceedingly well and came in for much deserved praise.

Music was rendered by the junior orchestra.

Atty. L. D. Mooney, of Fort Bragg, was here on business the first of the week. Mr. Mooney has been mentioned as a possible candidate for district attorney at the election two years from now.

T. E. Thomas, wanted here for passing several bad checks, was arrested in Lake county the latter part of last week and brought back to face trial in the superior court.

Thomas had lived here for several months and established a credit among local people.

DIVORCE GRANTED

Alice Patterson was yesterday granted a final decree of divorce from her husband and given the custody of their minor daughter. The defendant is to pay $20 per month for the support of the child.

Supervisors May Reopen Fishing

In line with the action taken by the federal officials in reopening the fishing season in Sonoma county the latter part of last week, the supervisors of this county, we understand, are considering the repeal of the ordinance passed against trout fishing in this county at their meeting in April.

Two ordinances were passed, one prohibiting the taking of trout. This, we understand, has been declared of no effect by state authorities. The other, among other things, prohibits fishing in general on lands where livestock is kept. This is legal and may be continued in force.

The ordinance against trout fishing has been generally disregarded by the sporting fraternity and some good catches have been reported. The other ordinance will be sufficient to enable property owners to keep fishermen off their land should they desire to do so.

There has been a marked lull in the office of the county clerk the past week, as regards the filing of new cases. Only two were filed as follows:

By J. A. Pettis, Shafsky Bros. have filed a complaint against Tom Thompson to recover $688.36, alleged to be due on an open book account.

Through Irving M. Brazier, W. F. Ornbaun has filed a petition for letters on the estate of James M. Neil, deceased. The estate consists of an interest in real property valued at $100, and is preliminary to a suit to quiet title.

FOLAN SENTENCED TO SAN QUENTIN

John Folan, aged slayer of Conrad Sigrist, of Albion, was sentenced to San Quentin for from one to ten years by Judge H. L. Preston last Friday. Folan's attorneys, Thomas, Thomas & McCowen, interposed a plea for probation, which the judge refused to grant and Folan was taken down to begin the service of his sentence Monday by Deputy Sheriff Weger and George Southard.

Judge Preston told Folan that he would recommend that he be made to serve the minimum of his sentence.

The other men were held under bonds of $1000 each, while they are deciding whether to plead guilty or fight the cases against them.

ROSSETTI CASES SUBMITTED

The cases from Hopland against the Lake County Automobile Transportation Co. were tried before Judge Preston Wednesday, all three cases being consolidated. The evidence was taken and the matter submitted without argument by either Attorneys Kasch or Wessels, who are representing the defendant and plaintiffs respectively.

This is considerable of a compliment to Judge Preston, who is thus called on to take the place of both judge and jury.

BUYS BLEND LOT

The lot at the corner of Henry and School streets, formerly covered by the old Marks opera house, later purchased by the city and by it sold to Ralph Blend, was bought this week from Blend by J. W. Eversole, who will build on it a fine new mortuary to be used in connection with his undertaking business. His old mortuary building will be remodeled and rented as business property.

COAST NOTES

(Mendocino Beacon)

There has been further curtailment of operation by a number of coast lumber plants the past week. The Albion Lumber Company has closed its Camp 2 and the camp at Wendling and in the Big River woods the chopping crews have been reduced.

Practically all the coast companies announced wage reductions the past week to become effective the first of the month. These cuts range from three cents an hour in the mill and yards to five cents an hour in the woods.

Mrs. Elvira Randlett Pullen, passed away at Elk Wednesday afternoon. Mrs. Pullen had been enjoying very good health and it was a great shock to her friends and relatives, when, at about noon on Wedneday, she had a paralytic stroke, from which she failed to rally and passed peacefully away about 2:30 p. m. that afternoon. Mrs. Pullen was the widow of the late James Pullen,, who died a little over a year ago. She leaves one sister, Mrs. Annie Moore, of Portland, Oregon; a nephew, Dr. Fred E. Moore,, formerly of Portland but now of San Francisco, and a niece, Mrs. Charles R. Harkness, of Yakima, Washington.

Deceased had lived along the Mendocino coast practically all her life. Born in Placer county in this state, seventy years ago last January, she came to Little River as a girl and there passed a great part of her early life. On July 31st, 1884, nearly forty years ago, she became the wife of James Pullen, who at that time was operating what was then known as Pullen's mill on Salmon Creek, which property was disposed of quite a number of years ago, the couple moved to Greenwood and having made that place their home ever since.

Mrs. C. R. Lane of Novato, died at her home at that place at 2:30 Wednesday afternoon as a result of heart failure. Mrs. Lane passed away at the same hour as did her sister-in-law, Mrs. James Pullen of Greenwood. Mrs. Lane is a sister of Wilder S. Pullen of Little River, August Pullen of this place, William and James Pullen and Mrs. Annie Babcock of Willits. She visited her brother at Little River some time ago. Deceased was quite well known to older residents of Little River. She is survived by her husband, two sons and three daughters.

R. H. Smith and associates have been working steadily for some time to get their box factory in shape to operate and they now have the plant about in readiness to run. A 25-horse power motor was recently installed and this week the power was turned on the single circular saw started and a log was put on the carriage and sawed up. Some additional work had to be done before steady sawing was begun, but it is expected this will be completed by Saturday and that it will be possible to start sawing next Monday. F. A. Bean and son have taken a contract to log a portion of the timber recently purchased by Mr. Smith from Jens Hansen on the south side of Jack Peters gulch and they will begin getting it out right away.

Howard & Beall, well-known farmers of the Bridgeport section, where they have a very fine ranch, this week sold 100 head of yearling ewes to Dilling and Gordon of Little River who took delivery of them this week, driving them to the Hargrave ranch at Pine Grove The price is reported to be $9 a head. Messrs. Howard & Beall have also disposed of their spring lambs, selling them to the Goodyear Redwood Company which is stocking up its Clift Ridge range with sheep. Delivery of these lambs will not be made until a later date. Howard and Beall have a fine flock of grade Shrops—some 275 head of aged sheep—and they turn off some very fine lambs.

George Skiffington of Melburne embarked in the sheep business in a limited way last year purchasing about fifty head of grade Shrops. This spring he had a nice lot of lambs. He took three to market the first of the week and they dressed just a shade under forty pounds a piece, which is a fine showing for such early lambs.

The fine summer home of L. J. Scoofy a short distance from Northspur was burned the latter part of last week. The fire occurred about midday. Men employed on the railroad were called but the fire gained rapid headway and with no fire-fighting apparatus little could be done except to protect other buildings near at hand.

The Defeat of Sen. Johnson

Editor Dispatch-Democrat:

We have no disposition to gloat over the defeat of Senator Johnson, but in view of the issues which he represented, we think the people of the State of California and of the United States are to be congratulated upon the event; while he has always loudly proclaimed himself a progressive, he has proven himself an extreme reactionary in national and international matters. He seems to be living in a past age and either cannot or will not recognize the tremenduous change and forward movement that has come over the people of the United States and the upright thinking people throughout the world since the terrible world war. The primary thing which has brought about his defeat throughout the nation, is the fact that he stands for a policy of selfish isolation on the part of the United States, while a large majority of the other nations are looking to peaceful methods of cooperation, for the adjustment of international difficulties and questions, methods in consonance with reason and justice instead of a resort to the tragic arbitrament of war, with its resulting necessity for the maintenance of armies and navies sufficiently large and strong to make us invincible and dominant in case of resort to arms.

Senator Johnson seems to have no realization of the fact of this change that has come over the spirit of humanity and that the old order or things has passed or is rapidly passing.

At a time when mankind, inspired by the hope and determination to end the methods whereby brute force and might were supreme regardless of right, he still stands with his face backward clinging to and defending the old order which has been found wanting and condemned by the new spirit which is sweeping over mankind.

Victor Hugo in his immortal account of the "Battle of Waterloo" says, that at the close of the day of that epoch-making conflict, in the wake of the rout of the broken and fleeing French armies there might have been seen in the failing twilight, the figure of a man bewildered, haggard and weary, dismounted from his horse with the bridle rein passed over his arm with his face turned again towards the battle field attempting feebly and alone to retrace his steps to the scene of the conflict seemingly oblivious of the fact that the battle had been lost and the star of his destiny had set, "Mighty somnambulist of a vanished dream." This figure is too heroic for our Senator, yet it has in it some features of similarity. The picture is of a strong man unable or unwilling to recognize the signs of the times and persisting in the advocacy of an unholy cause until overwhelmed by the mighty on-rushing of the forces of righteousness which had gathered such momentum that nothing could stay their progress.

The Senator has for several years been proclaiming on all occasions that the majority of seven million votes for President Harding in 1920, was due solely to the League of Nations issue. In the face of the fact that the great leaders of the League of Nations movement, in the Republican party who then stood and still stand for the principles of the League, announced that this issue was not paramount in that election, and that they preferred to stand with their party and when the election was over make their fight for the League within the party ranks, it has always seemed passing strange that this false assumption was conceded by the League advocates, even by those who are democrats. We have always believed and now believe that had the League of Nations been submitted to the people as an issue by itself, disconnected with any other question, that it would then have carried. It might have been necessary to make some amendments to Article 10 or other articles perhaps, but that was simply a matter of detail. The real issue was the principle of adjusting the world's difficulties by peaceful methods in consonance with reason and justice instead of brute force. The method of procedure for accomplishing this end was a matter of detail which could have been worked out satisfactorily as experience in its operations required. The sentiment in favor of this principle is no less strong in the world today than at the time of the "Armistice" and in fact seems to be growing with righteous thinking people everywhere.

The attitude of the United States towards the "League of Nations" has been most unfortunate and not creditable to the heart nor the intellect of the nation.

In this the greatest moral and spiritual movement in all history, on account of petty personal and partisan antagonisms and unfortunate events, our nation has not taken its proper place. Recognizing this fact, a number of our national leaders, have sought to save our face by indirectly lending a helping hand, when we should have been openly and directly cooperating with the other nations of the world for the high and noble ends sought, and history will record the fact that this chapter in our national life has not been creditable to us. Though handicapped by the non-cooperation of the United States now recognized as the greatest among the nations in wealth and moral influence the League of Nations has accomplished wonderful results and has peaceably settled a number of international controversies and difficulties which would doubtless have plunged Europe again into the horrors of war and it is only the uninformed who have the hardihood to deny this fact. The crass ignorance of many people, who are in general well informed, as to the work and accomplishment of the League of Nations within the last two or three years, is surprising. With more than 50 nations now as members of the League it has been and will continue to function and with whatever defects it may have, it is the best piece of machinery that has yet been invented and set up for adjusting international difficulties and promoting justice and accord among the nations of the earth, and had the United States entered heartily into the work with these other nations, the League would have been much more powerful in its influence and efficient in its work. The other "irreconcilables" had better take warning lest they too should share the fate of our Senator.

SAN FRANCISCO PASSES TIBURON FERRY FRANCHISE

Institution of a ferry service between San Francisco and Tiburon by the Northwestern Pacific Railway company was voted by the San Francisco board of supervisors this week. The ordinance giving the railway company a 20-year franchise for operation of the new ferry system will come up for final action by the board next Monday.

Proponents and opponents of the new ferry battled before the supervisors. Opposition to the ordinance was led by the Golden Gate Ferry company, operating between San Francisco and Sausalito, which contended that the San Francisco-Tiburon ferry would duplicate its system. Supervisors Badaracco, Bath and Shannon voted against the new ferry ordinance.

The San Francisco chamber of commerce, Down Town association, Californians, Inc., Harvey M. Toy, president of the state highway commission and influential officials and citizens of San Rafael, Ukiah, Sausalito and other towns were recorded as warmly favoring the new ferry. The fares to be charged by the new ferry to Tiburon will be about the same as present ferry rates to Sausalito, it was said.

"His church is crowded beyond its capacity at every evening service, and he is exceptionally clear in his preaching and teaching."

Geo. C. Hutto, pastor of the Baptist church, Hinton, Okla., says:

"We had two bible study meetings each day. In the morning we studied the book of Galatians and in the evening, the book of Revelation. The meeting was of such a nature that it gripped the entire town and will prove a permanent blessing."

T. F. Harvey, Baptist pastor, Albuquerque, N. M.: "Brother Muse is a man of God and a great preacher. He is even a greater teacher than preacher. His teaching in the day services will never be forgotten by those who heard him. He is no superficial thinker."

Gloria Swanson in the Paramount Picture

Gloria Swanson appears as a boy for the first time in her stellar career in "The Humming Bird," the Paramount picture coming to the State theatre next Thursday and Friday.

As Toinette, idol of the Paris underworld and leader of a gang of Apaches, Miss Swanson alternates from boy's to girl's clothing. Her dual personality as Toinette and the notorious "Humming Bird," for whom the Paris police search in vain, gives the star a wide range of dramatic possibilities in this production of Maude Fulton's play, which Forrest Halsey adapted for screen presentation. Edward Burns is leading man and others in the support are Jacques d'Auray, Mario Majeroni and Cesare Gravina.

Seeing YOSEMITE *on* ZEROLENE-*lubricated bearings*

If you haven't traveled the Horseshoe Route out of Merced to Yosemite in one of the Pierce-Arrow touring cars operated by the Yosemite Stage and Turnpike Company, you've missed something.

But whether or not you have made this trip, you'll be interested, as a motorist, in knowing that the twenty-five Pierce-Arrow cars used in this service are lubricated with Zerolene. The manager of this famous stage line writes:

"We have been operating a stage line since 1911 and have always used Zerolene. Recently we disposed of some cars that had been in our service for ten years, and during that period none of them had ever had a bearing scraped."

Whether you drive a Pierce-Arrow or a Ford, the use of Zerolene, of the proper body, will not only cut down your oil bill, but give you greater gasoline mileage, less carbon, lower upkeep costs, and a longer life for your car.

Big users refuse to pay tribute to the old superstition that there is something mysteriously "better" about "eastern" oils — why should you pay that tribute?

Insist on Zerolene, even if it does cost less.

"The Great Commoner"

Kettering's Wonderful Play of the Life of Lincoln Will Thrill Chautauqua Audiences.

A number of Lincoln plays have been written during the past decade but none have attained the pinnacle of success and the ultimate of public approval that attended the production of "The Great Commoner" from the pen of Ralph Thomas Kettering. Its faithfulness to detail, its perfect characterization, its intermingling of the gaunt dramatic incidents of war with pathos, romance and humor, have caused it to be pronounced nearest "the great American" play ever written, and a contribution to dramatic literature which will become a classic.

"The Great Commoner," with a professional cast coached by Elias Day under the personal direction of the author, will be given here on the fourth evening of Chautauqua. It is classed as a comedy-drama. The droll humor of the Illinois rail-splitter is deftly blended with the dramatic incidents of his heroic life. The Great Emancipator steps out of the past, a sentient being. Other great characters of that day—General Lee, Secretary of War Stanton, Secretary Hay, General Grant—come with him from the archives of the past.

FREDDIE WAUGH WINS POULTRY CONTEST

The Egg Production Contest which closed Saturday, May third was won by Freddie Waugh of Ukiah Valley, who was awarded the silver trophy cup, gift of the Sperry Flour Co. The second prize in the contest $2.50 cash gift of Fred Waugh, went to David Filben of Potter Valley. Max Thornton, also of Potter Valley, stood third in the contest.

The contest was very close as all the boys had good hens from the Hopland Stock Farm and fed and cared for them by the best methods. The contest was a decided success as all the seven boys learned how to make a profit with hens. They all are going to continue in the chicken business.

The winners were selected on the following basis:

Egg production	50 per cent
Profit	20 per cent
Essay	10 per cent
Records	10 per cent
Exhibit of 1 hen	10 per cent

Freddie Waugh's dozen hens produced 1027 eggs in 118 days which is an average of 8.8 eggs per day or a lay of 73 per cent which is very good considering January and February were included in the four months period. He received $20.50 for eggs during this time and paid out for feed $6.90, this giving him a gross profit of $13.60 or $1.13 per hen which is exceptionally good for a four months period. Most poultrymen don't make much greater profit a year than this.

David Filben, who won second prize, had an egg production of 998 while Max Thornton's hens produced 1013 eggs.

The final Poultry Club meeting was held at the Agriculture Building of the High School and all present announced themselves as well pleased with the poultry contest.

ESSAY ON POUTRY

Freddie Waugh, aged 11, winner of the Egg Production Contest, wrote the following account of his experiences with poultry:

When I entered the contest my father gave me the old chicken house and the use of a small orchard. I cleaned the house thoroughly. Then I built the dropping boards and roost. My father put in the windows.

Saturday, January fifth, father and I went to Hopland Stock Farm after the chickens. The first day I kept them in, after that I let them out as soon as it was warm.

I fed them hot mash morning and evening. I fed them wheat and cracked corn for grain. I had skimmilk, shells, dry mash and grit before them all the time. They got their green feed in the orchard.

I cleaned the house and put in fresh straw weekly. I also cleaned the dropping boards and sprayed the roost with coaloil.

All went well until April first. One day I noticed that a hen looked droopy. I immediately separated her from the flock. We tried to cure her but she finally died. April twenty-sixth another hen died.

From now on I intend to feed less mash and more green feed.

My hens laid 1027 eggs in 118 days or an average of 85.68 eggs per hen.

I like to take care of chickens and intend to make a business of it, keeping up my records. I want to know how many eggs my hens will lay in a year.

AGRICULTURE BANQUET

The Ukiah High School Agriculture students were hosts at a banquet held at the Odd Fellows Hall, Wednesday, April 20th. About 50 were present, including the boys and their fathers or mothers and a number of invited guests.

The main item on the menu was the barbecued lamb donated by York Brothers and barbecued so splendidly by S. A. Richey and his two boys. Miss Conrad and her domestic science class deserve much credit anu praise for their cooking and serving of the banquet.

Several speakers delivered toasts and words of advice to the boys and some spoke to the parents. George Leno of the Agriculture Class was toast master, Cecil Burk, president of the Junior Farm Bureau Center welcomed the guests and talks were given by Malcolm Beck, Morris Norgard, Ted Richey, and Joe Storer of the Agriculture Class. Cecil York introduced the third edition of the Ukiah Aggies Pow-Wow and distributed a copy to everyone present.

Other speakers were Wm. Bromley, Chas. M. Fulkerson, Fred Waugh, Rev. E. H. Benson, J Kirkpatrick, Arthur Shultis and L. M. McQuesten. Professor F. L. Griffin of the College of Agriculture was the main speaker of the evening and he said that the Agriculture course the boys are taking is preferred as preparation for entrance to the College of Agriculture. He also emphasized the need for partnership between the farmer and his sons as a means of keeping the boys interested in the home farm.

POWER companies strive hard to please the public with whom they have every interest in common.

Did you ever take time to think what a power company is?

It is a large group of men and women who have invested their money in a definite public service business.

Rates charged are fixed by the California Railroad Commission. This commission also regulates financing and service and limits but does not guarantee returns. No chance there, for injustice to the public.

Under regulation, a power company is as much a servant of the people as any public official.

In California there are approximately 40,000 holders of the securities of the P G and E—your neighbors.

SAN FRANCISCO, Cal., May 7.—Returns at this writing indicate that President Coolidge has defeated Hiram Johnson in the California preference primary by at least from 35,000 to 40,000 majority. This is a signal victory for the President and shows that Hi-rampant has slipped off the political checker board. What else could Hi-rampant expect? He has denounced everything and everybody, and was the only perfect one left on earth. So it is but natural that he would ride to a fall.

* * * * *

California, that has given him at times over 250,000 majority, has at last come to her senses and turned the hypocrite down hard. He was the biggest political mountebank this state has ever known. How the people ever stood for him and his "progressive hypocrisy" as long as they did is the wonder of the age. He was a political nondescript. He was always for Johnson, first, last and all the time. He put up a good holler, however, and while the people were yelling themselves black in th fact, Hi-rampant and his bunch of plunderbunds were busy "getting in coal."

* * * * *

Born and reared in a Southern Pacific office, he adopted the slogan "Kick the Railroad out of Office." And he made it work. He smashed the little railroad machine of 3,000 henchmen and built up instead a Johnson machine of 11,000 members to do his bidding. Where ever there existed a political office, he abolished it and created a new one under a new title with a commission of three or five men to perform the work formerly done by one.

* * * * *

When he got these henchmen thoroughly secure in office, he clamped down the civil service law so that they could not be disturbed by future officials. He knew how "to get in coal." When any one interfered with his pet henchmen, he would emit a yell "they are crippling our public school system" and the poor deluded people would fall for his bunk. But he has been stopped with a short turn. He has carried but one state in which there was a direct vote in the primary—, little South Dakota by just about 1,000 majority. All the other states gave staggering majorities against him. On the day that California rebuked him, Indiana gave a seven-to-one majority against him. This certainly puts an end to "progressive hypocrisy" in the nation, although Hi-rampant will try to revive it in this state.

* * * * *

Astonishing as it may seem, his one big ally in this state was Will C. Wood, State Superintendent of Public Instruction. This "political educator" went out with a "flying squadron" to tell the people of the glories of Hi-rampant. Think of the head of our school system out "doing" factional politics and misrepresenting the President of the United States and abusing the Governor of California, just because the Governor refused to allow him $919,000 for "activities" and "agencies" in which he was interested. So the state superintendent got a lot of "political faddists," masqueraded as "educators," to address institutes and misrepresent the Governor's attitude on matters that vitally affected the taxpayers of the state. The next job the taxpayers have to do will be to retire this man Wood to private life.

* * * * *

The people should see to it that only friends of Governor Richardson be elected to the next legislature. The taxeaters are going to do their best to get control of affairs and increase the budget so that it will be necessary to levy an advalorem tax rate to pay the bills. Beat every taxeater that runs for the legislature, or any other office, for that matter.

In the Democratic primaries last Tuesday, the forces that favored an uninstructed delegation made a poor showing against theMcAdoo delegates. The McAdoo crowd won by a five-to-one vote. Some very good Democrats really thought that a stronger man than McAdoo could be secured to enter the fight and win the nomination. But at about that time, William Randolph Hearst suddenly came to a realization that the Republicans would not delegate to him the power to nominate Hi-rampant Johnson, so Hearst grabbed hold of the "Uninstructed Delegation" and proceeded to make it a tail to his kite. He tagged it the "Progressive" Democratic League.

* * * * *

When the people registered as Democrats saw this "Progressive" stuff, they thought it was some of Hi-rampant's "progressive hypocrisy" and they fell all over themselves turning around and running the other way. This "progressive hypocrisy" is certainly a withering blight upon the political aspirations of men.

* * * * *

Let us all hope that the party will be big enough to select a man big enough for the job and then proceed to elect him if they can. But let us have no more of this"progressive"bunk.

* * * * *

You have not heard much from William Jennings Bryan for the past month. Well, he is out on the everglades of Florida, practising on a speech that will turn the convention upside down. If Florida does not elect him a delegate he can easily secure a proxy and make a speech that will excite the natives. Keep your eye on William Jennings.

Redmen Preparing for Big Celebration

Preparations are going forward by the Ukiah lodge of Redmen to entertain in fitting style the guests expected to be here on June 7 and 8. At a meeting held last Tuesday evening, Jim Holtze was appointed general chairman and manager. It is expected that there will be about three hundred guests here for the occasion, which is the meeting of the past sachems' association of the north counties. There will be a class adoption at Odd Fellows' hall on the evening of June 7 and a big barbecue on June 8 at the grove, where it is hoped to get some of the local Indians to stage a few of their tribal dances for the visitors.
